The Department of Water Resources is pleased to announce the next Engineering and Operations Work Group Meeting associated with relicensing the Oroville Facilities (Federal Energy Regulatory Commission Project No. 2100). A proposed agenda for the meeting is enclosed. The meeting is scheduled for:

**January 25, 2002

In the past, a copy of the distribution list for the Engineering and Operations Work Group was attached and mailed with each meeting notice. In the interest of saving resources, we discontinued that practice. You may request a copy of the distribution list by contacting Sue Larsen at (916) 653-7322.

We are also posting this information and the full distribution list on our Oroville Facilities Relicensing web site, <http://OrovilleRelicensing.water.ca.gov>. Please visit our web site for additional information on the Oroville Facilities Relicensing Program and related meetings.

A working lunch will be provided during the meeting. For additional information, please call Melanie Baillie at (916) 653-9647.
